Major / Core Stream: is a course of study, which should be pursued by a student as a mandatory requirement of his/her programme of study. Major shall be the core credit courses of that particular discipline which will be appropriately graded and arranged across the semesters of study, being undertaken by the student, with multiple exit options as per NEP 2020. The Major specified in the framework would be identified by the concerned Department as core courses to be taught in a Programme.

For example, for award of single discipline specific Honours degree, such as B.A. (Honours) History, B.Com. (Honours), B.Sc. (Honours) Physics and similar such programmes, Major / DSCs shall be the core courses of History, Commerce and Physics, respectively.

However, to pursue Honours degree programme in a 'Field of Multidisciplinary courses of Study' (rather than a single discipline) such as B.Sc. (Honours) Life Sciences, B.A. (Honours) Social Sciences/ Humanities, the Major/ DSCs shall comprise of core credit courses of more than one discipline. For example, for B.Sc. (Honours) Life Sciences programme, a student shall study credit courses of three disciplines i.e., Botany, Zoology and Chemistry. DSC 1 may be of Discipline A1 (say, Botany), DSC 2 may be of Discipline B 1 (say, Zoology) and DSC 3 may be of Discipline C 1 (say, Chemistry).

Ability Enhancement Compulsory course (AECC), Skill Enhancement Course (SEC) & Value Addition Course (VAC)

These three courses shall be a pool of courses offered by all the Departments in groups of odd and even semesters from which students can choose. A student who desires to make Academic Project/Entrepreneurship as Minor has to pick the appropriate combination of courses of GE, SEC, VAC, & Internship/ Apprenticeship/Project/ Community (IAPC) which shall be offered in the form of various modules as specified in the scheme of studies.

B.Voc

B.Voc (Bachelor of Vocation) courses are undergraduate degree programs that focus on providing students with industry-relevant skills and knowledge. These courses are designed to bridge the gap between traditional academic programs and vocational education. B.Voc courses are aimed at developing practical skills and hands-on experience, and are typically offered in fields such as healthcare, hospitality, agriculture, engineering, and many more. These courses are becoming increasingly popular among students who want to acquire practical skills that can help them enter the workforce or start their own businesses.
